I'm driving all the way from Louisiana in a rented car with full insurance(just in case it gets totaled by the mostly peaceful protests) I'm making a vacation out of it. I've done this for the protest in VA as well and it was incredible. I seriously don't think that flying in is a great idea for a lot of reasons. Much easier to stay under the radar before and after. Also..guns.

Reminder that it's perfectly legal to fly with firearms. I've done it dozens of times and you just have to declare them in your checked baggage. Once you arrive at your destination it's up to you to follow the law, but concealed means concealed. Or hell, if a few million of us are open carrying there's not much they can do. Show of force, "wild" as Trump says.

Just be warned that TSA will probably be given orders to "lose" or damage your guns. Hell, I've had them cut my locks and pop the baffle off my bolt, while also somehow managing to crack my scope's horizontal cross hair in half. This was despite me following proper procedure and having them verify the gun was unloaded before locking the case and storing the bolt outside of the receiver. Luckily it was on the return flight so it didn't ruin my hunting trip

I've never had any issues, but I travel with my already beat up Glocks since there's always a possibility of loss or damage. But you're right they could be targeting people flying into the area around the 6th since the president quite literally mustered all of his supporters to DC.

I bought a cheap Pelican case from Walmart and shitty TSA lock. Then I place that in a hard sided sturdy suitcase. You're right, definitely would not bring any high end or expensive guns. I always roll with my Glocks when traveling since they can take the abuse and get beat up.

I'll point out to everyone that Annandale, Springfield, and the like have inexpensive lodging, are in VA and thus subject to VA gun laws for CCW and open carry, and are within ten minutes of the DC line via 66, 495, and 395/95. Less likely to see Antifa or a concentrated fed presence as well vs. the heart of DC. If you're planning a multi day stay, it's the way to go. And our bars and restaurants are still open. For now. DC's are now closed for indoor anything. (\*as of the 23rd, because Rona adjusts by calendar dates apparently)

we are not seeking violence, we are seeking reassurance from Congress that they are not selling out the people and our country to foreign interests. So far I've not been reassured that they aren't.

Are there even plans to fix the obvious flaws in the election system? Are we not going to do a new election with paper ballots and more poll watchers? I will volunteer to be a poll watcher, don't even need to pay me to make sure the election is fair and that every legal vote is counted.

To be fair it's not "black people" it's unemployed people who are dependent on the state for hand out. Sure the inner cities may have a higher concentration of them. But the majority have more NEETs overall.

Simply put there is trash of all types white trash, black trash, brown trash, yellow trash, red trash. And government handouts keeps them there. Demoralizing them in a constant state of degeneration.

He'll I might just fold my back seat down and make a make shift camper car to sleep in and park that bitch a ways away and walk the rest so I don't have to worry about the nightmare that's going to be trying to drive out afterwards.

Head on a Swivel.

Honorable Rules of Engagement.

All that stuff.

Look after yourselves but stand tall and proud.

Please believe me, the world really is watching and watching so close.

All Democracies depend on you, yes you, personally, all of you, just as USA depends on Trump and You as well.

The world needs you to be a example of courage and honor. Done from pure love stand tall.

Remind the world what GOOD GOD FEARING UPRIGHT AMERICANS look like, and show the deep state they will not win.
